STATE OF NEW HAMPSHIRE

ANNUAL REPORT

OF THE TOWN OFFICERS
IN THE TOWN OF

STEWARTSTOWN

FOR THE YEAR ENDING

January 31

1926

CANAAN, VT.
THE BORDER PRESS
1926

The State of New Hampshire

To the inhabitants of the Town of Stewartstown, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on the second Tuesday of March next at ten of the clock in the forenoon, to act upon the following subjects:

1. To bring in your votes for Town Clerk for the year ensuing.

2. To choose one Selectman for three years ensuing.

3. To choose five Road Agents for the year ensuing.

4. To choose all other necessary officers and agents for the year ensuing.

5. To see what sum of money in addition to that required by law, the Town will raise for repair of roads and bridges.

6. To see what sum of money the Town will raise for winter roads.

7. To see what sum of money the Town will raise for support of poor.

8. To see what sum of money the Town will raise for street lighting.

9. To see what sum of money the Town will raise to pay interest and apply on Town debt.

10. To see what sum of money the Town will raise for Town charges.

11. To see if the Town will vote to accept Highway State Aid and make appropriation for the same.

SUPERINTENDENT'S REPORT

Feb. 1, 1925 to Feb. 1, 1926

In looking back over the past year, we find that in general our schools are doing good work. There are however, some things which cause us grave concern, chief among them being the very poor attendance record of some pupils. The law specifically states that children between 8 and 16 years of age shall attend school every day school is in session, unless they have reached the age of 14 and have completed the eighth grade. In some cases, this law is evaded for reasons far from acceptable. I trust that all parents will cooperate with us in eliminating unnecessary absence and tardiness.

We have about 30 pupils attending secondary schools. They are doing very creditable work and merit our support. High School training should be the aim of all young people and we should encourage pupils to stay in school.

The minimum qualification of teachers entering the work from now on is at least one year of training beyond high school. This means that we shall have to pay more for teachers. It also means that girls who look forward to teaching should plan to attend Normal School for at least one full year. They should, if possible, complete the two-year course as the time is soon coming when most schools will expect their teachers to be normal graduates.

If we expect satisfactory results in our schools, we must have complete co-operation, full attendance, good equipment, and determination on the part of the the parents to have their children obtain all the education possible. Of course, for best results, we must have well trained teachers; and the amount of training we can demand will depend upon the salary we can pay.

We are very fortunate this year in having an earnest conscientious group of teachers who have co-operated with the school authorities, and who take an active interest in their work and in the welfare of the pupils.

SCHOOL STATISTICS

Sept. 1, 1924 to June 30, 1925

Average daily attendance	169
Average daily absense	19.2
Percent of attendance	90.
Number of cases of tardiness	872
Average, per pupil	5
Number of pupils not tardy	64
Number of pupils not absent	5
Number of days school was in session	177
No school days, holidays, etc.	3
Cost of instruction per pupil	$ 40.25
Cost per pupil of maintenance, transpt., etc.	$ 22.75

COST PER PUPIL IN EACH SCHOOL

	Instrct.	Sch. Maint. & Trspt.	Total
Bear Rock	$ 40.00	$ 22.00	$ 62.00
Hollow	34.00	8.00	42.00
Haines	81.00	14.00	95.00
North Hill	43.00	32.00	75.00
South Hill	87.00	15.00	102.00
West Stewartstown	34.00	22.00	56.00
Riverside	39.00	12.00	51.00

The high maintenance cost at Bear Rock, North Hill and West Stewartstown is due to a transportation expense of $212 at Bear Rock; $345 at North Hill and $820 at West Stewartstown.

In closing, I wish to thank everyone for continued co-operation and to ask your support in our efforts for future improvement.

Respectfully submitted,
William F. Skelton, Supt.

REPORT OF SCHOOL NURSE

For the Town of Stewartstown

Mr. William F. Skelton,
Superintendent of Schools

Dear Sir:

I herewith submit my report for the first five months (Sept. 1st, 1925 to Feb. 1926) as School Nurse in the Town of Stewartstown:

Number of visits to schools	65
Number of visits to homes	60
Number of pupils examined by school physician	196

Of these the following defects were found:

Number of pupils with defective teeth	94
Number of pupils with enlarged tonsils	64
Number of pupils with adenoids	24
Number of pupils with defective sight	25
Number of pupils with enlarged glands	12
Number of pupils with orthopedic defects	3
Number of pupils with skin defects	11
Number of pupils that are anemic	10
Number of pupils with cardiac defects	3
Number of pupils with pediculoses	7
Number of pupils with malnutrition	7
Number of pupils that are unvaccinated	84
Number of treatments in schools	1
Number of days spent in school or community work:	
West Stewartstown	13
East Stewartstown	6
Total	19

The people are becoming aware of the fact that more and more stress is being placed upon the importance of hygiene in our schools, they realize that many things are being accomplished in school hygiene that were unheard of twenty years ago.

The teaching of good health habits and the correction of defections found by the school physician are laying a foundaton of health, happiness and efficiency in the future citizens. "The strength of the nation lies in the health of the people."

Classroom inspections have been made in the grades and rural schools once a month and oftener when weather conditions permits for infectious and skin diseases, pediculosis, uncleanliness defective teeth and incorrect posture.

Health talks have been given during nearly every visit on correct posture, the care of the body and hair, the prevention of colds and other diseases, the importance of good food habits, fresh air and the care of the teeth and mouth.

All pupils have been weighed and measured, very few were found to be as much as seven pounds underweight. Efforts will be made during the year to bring these pupils up to standard weight.

Tests for visions and hearing have been given in all the schools. Plans have been made for having an eye and ear clinic to be held here in the Spring, also a dental clinic, so the pupils will have a chance of getting corrective work done.

The Junior Red Cross has been organized in all the schools. There is a very fine health program connected with it. The children are responding with much enthusiasm in this work.

It has been most gratifying to find so much response and interest shown in health work by the teachers and pupils and also by their parents, as has been shown in the homes where visits have been made.

I sincerely hope the parents of the pupils will feel that when I come to their homes it is not in a critical but friendly spirit and to seek their co-operation for the welfare of their child, hoping that I may be able to help them in the child health problems by my experience in child welfare work.

Respectfully submitted,
Grace Lucas, R. N.
School Nurse.
